EDUCATION

Gwangju Institute of Science and Technology (GIST)

Sep. 2023 - Jun. 2027

B.S. with a Double Major in Electrical Engineering and Computer Science, and Mathematics

Gwangju, Korea

- **Computer Science:** Machine Learning & Deep Learning, Computer Architecture, Database Systems, Computer Systems Theory, Algorithms, Computer Graphics
- **Mathematics:** Real Analysis, Complex Analysis and Applications, Abstract Algebra, Linear Algebra, Probability & Statistics

TECHNICAL SKILLS

Languages: Python, C/C++, TypeScript/JavaScript, SQL

AI & Data Science: PyTorch, scikit-learn, BERT, Pandas, NumPy

Databases: PostgreSQL, Redis, MongoDB, SQLite

Infrastructure & Backend: Linux/Bash, Docker, Git/GitLab, NestJS

WORK EXPERIENCE

Autonomous Computing Systems Lab, GIST

July 2026 - Present

Researcher

Gwangju, Korea

DEP

January 2025 - January 2026

Full-Stack Developer

Gwangju, Korea

- Engineered and launched the company's core web platform utilizing **NestJS** and **Next.js**, deploying highly available services via **Docker** and **Nginx**.
- Architected relational database schemas using **PostgreSQL** and **Prisma ORM**, and built robust RESTful APIs to support complex third-party data integrations.
- Optimized backend logic and database query efficiency, significantly reducing system latency and improving overall application performance.
- Implemented Server-Side Rendering (SSR) and optimized backend routing, reducing initial page load time **by 75%** and minimizing server response latency.

EXTRACURRICULAR EXPERIENCE

GIST Ambassador | *Official Institute Representative*

December 2024 - December 2025

- Facilitated official university outreach and led extensive community engagement initiatives.

AWARDS AND GRANTS

Government Funded Scholarship | *Gwangju Institute of Science and Technology*

Sep. 2023 - Present

Best Ambassador Award | *Gwangju Institute of Science and Technology*

December 2025

TechOrda IT Scholarship | *Astana Hub*

September 2024
